

IMMUNIZATIONS, SCHOOL PHYSICALS, & MEDICAL CARE

Parents, did you know that . . .

In accordance with the Florida Plan for School Health Services, all pre-Kindergarten through 12th grade students must submit documentation verifying that a Student's Health Examination was performed within the 12 month period preceding initial entry into a Florida school.

A completed Student Health Examination (DH or HRS-H Form 3040) form, including proof of a Tuberculosis Clinical Screening and appropriate follow up if necessary, should be completed and signed by a licensed practicing health care provider, and presented to the school during initial registration.

If you are in need of a free or reduced immunization site, please dial the Children's Trust 211 Helpline and ask to search under "Immunizations" or "Vaccines". In addition, the list of free and sliding scale immunization sites including contacts, hours, fees, etc. can be accessed through the 211 website at <http://www.switchboardmiami.org/> <<http://www.switchboardmiami.org/>> by going to the Search our HELP pages section at the top and typing the word "Immunizations" or "Vaccines" in the search bar.

The Children's Trust 211 Helpline is a resource and referral line available 24 hours a day, 7 days a week in English, Spanish and Creole.

* For additional information on health services, please visit the Children's Trust website at <http://www.thechildrenstrust.org/> <<http://www.thechildrenstrust.org/>> <http://www.thechildrenstrust.org/> <<http://www.thechildrenstrust.org/>> <http://www.thechildrenstrust.org/> < *

For more information please call the Comprehensive Health Services office at 305-995-1235.
